Entries to arrive by **Wednesday, April, 15<sup>th</sup> 2020** at the latest.

Entry fee per crew is **€100.00**. Should the crew comprise more than two persons, there will be a **€25.00** surcharge for each additional person. Please pay your entry fee when sending in your entry form. Should force majeure including adverse weather conditions prevent the competition from taking place the Organizer reserves the right to cancel or postpone the Air Rally.

Entry fees include:

- Organisation fees
- Enroute and checkpoint photos
- Parking and landing fees at Husum Airfield
- Required competition map ("Topographische Übersichtskarte" 1:200.000)
- Shuttle service
- Prize-Giving and Aviators' Party (beverages not included)

The entry fee is to be transferred to the air sports association SH. The bank details will be transmitted after receipt of the entry. (We had an attempted money transfer fraud last year.)

### 6 - Equipment

Every aircraft has to carry the current ICAO Aeronautical Chart Hamburg during the entire Air Rally. Each crew will be provided with the "Topographic map 1:200.000" to cover all tests. Official competition time will be CEST (radio controlled clock). Unfortunately, there is no hangar space available. Pilots are urgently requested to bring their own tie-down equipment as there could be very strong winds over this part of Germany! (Usually the air is in a hurry.) ;-)

## 7 - Liability

The Organizer and all persons commissioned by him shall not be liable to entrants for damage or injury to entrants or their property caused by or suffered during or in connection with participation in the Air Rally. By submitting the Entry Form, each entrant acknowledges the non-liability of the Organizer and all persons commissioned by him.

## 8 - Aircraft Registration

The Organizer will use the official call sign of the aircraft (A/C registration). Take-off sequence will be determined according to the competitors' declared competition airspeed.

## 9 - Refuelling

All fuel costs will be at the competitors' own expense. The pilot is solely responsible for carrying a sufficient quantity of fuel on board his/her aircraft. We recommend **"topping up"** after landing at Husum Airfield. MOGAS will **not** be available at the airfield, but **AVGAS and „Super Plus“ will.**

## 10 - Protests

Protest procedure as defined in the German "Wettbewerbsordnung Navigationsflug".

## 11 - Accommodation

Participants in the Air Rally are kindly requested to **book their rooms directly**. The organizer did **not** reserve a block of rooms (due to all hotels offer their rooms via internet).

Husum is a tourist "boom area", which is often visited just in spring. Therefore, an early-term reservation is strongly advised. A hotel list (not exhaustive) can be found on the last page of this tender.

Prize-Giving and Aviators' Party will take place in Hotel Osterkrug Husum, Osterende 52-58, Husum (Nr. ❶ in the attached map).

Please note that camping at Husum airfield is possible (on a small scale).

## 12 - Aircraft Hire

Those participants wishing to arrive by car or train will be given the opportunity of hiring planes (only available in **limited** number!!) at Kiel-Holtenau Airport.

It is **urgently** recommended to hire a plane as early as possible (by mid-March at the latest). Crews making use of this opportunity are kindly requested to inform the organizer accordingly so that a shuttle service can be made available.
